

U.S. Occupational Safety and Health Review Commission 2015 Federal Employee Viewpoint Survey Results

Accomplishing the mission of the U.S. Occupational Safety and Health Review Commission (“OSHRC”) depends on having the right people, doing the right work, with the right qualifications and skills, at the right time. A major part of these efforts entails reaching out to OSHRC’s employees to gather feedback, and responding to their concerns and needs. OSHRC’s success depends on the talent and motivation of its workforce.

1. **Interpretation of Results:** The 2015 Federal Employee Viewpoint Survey (FEVS) provides employees with the opportunity to candidly share their perceptions of their work experiences, their agency, and their leaders. OSHRC’s employees’ views present leadership with a broad diversity of opinions on topics regarding hiring and retention to organizational effectiveness. The results of the 2015 FEVS are reviewed and analyzed in order to determine patterns and themes which identify OSHRC’s strengths and challenges.

The Federal Employee Viewpoint Survey included eighty four (84) items that measure Federal employee’s perceptions about how effectively OSHRC manages its workforce. The survey is grouped into seven topic areas:

- Personal Work Experiences
- Work Unit
- Agency
- Supervisor
- Leadership
- Satisfaction
- Work/Life Programs

The 2015 FEVS results reflect:

- 58 survey items have positive ratings of 65% or more (strengths)
- 0 survey items have negative ratings of 35% or less (weaknesses)
- 14 survey items increased by 5 percentage points or more since 2014
- 14 survey items decreased by 10 percentage points or more since 2014
- 53 survey items were 5 percentage points or more above the combined government-wide average

(See attached results for the specific corresponding survey item numbers above.)

OSHRC employees are committed to the agency's mission; they are willing to give extra to get the job done and are proud of the quality of their work. This is evidenced by the high positive scores on the following items:

- 96% Positive – I know what is expected of me on the job. (Q. 6)
- 96% Positive – I know how my work relates to the agency's goals and priorities. (Q. 12)
- 93% Positive – I like the kind of work I do. (Q. 5)
- 93% Positive – When needed I am willing to put in the extra effort to get a job done. (Q. 7)
- 93% Positive – I am constantly looking for ways to do my job better. (Q. 8)
- 93% Positive – The work I do is important. (Q. 13)
- 93% Positive – How would you rate the overall quality of work done by your work unit? (Q. 28)
- 85% Positive – Overall, how good a job do you feel is being done by the manager directly above your immediate supervisor? (Q. 60)

OSHRC employees also had positive responses to questions about the agency's Work/Life programs and physical conditions as evidenced below.

- 100% Positive – How satisfied are you with the following Work/Life programs in your agency? Health and Wellness Programs (for example, exercise, medical screening, quit smoking)? (Q. 81)
- 90% Positive – Employees are protected from health and safety hazards on the job. (Q. 35)
- 81% Positive – Physical conditions (for example, noise level, temperature, lighting, cleanliness in the workplace) allow employees to perform their jobs well. (Q. 14)
- 80% Positive – How satisfied are you with the following Work/Life programs in your agency? Employee Assistance Program (EAP) (Q. 82)

The highest percent negative items are in the areas of pay, resources and empowerment demonstrating opportunities to improve.

- 32% Negative – How satisfied are you with your opportunity to get a better job in your organization? (Q. 67)
- 32% Negative – Considering everything, how satisfied are you with your pay? (Q. 70)
- 29% Negative – Pay raises depend on how well employees perform their jobs. (Q. 33)
- 28% Negative – Promotions in my work unit are based on merit. (Q. 22)
- 28% Negative – My work unit is able to recruit people with the right skills. (Q. 21)
- 28% Negative – I have sufficient resources (for example, people, materials, budget) to get my job done. (Q. 9)

- 25% Negative – How satisfied are you with the training you receive for your present job? (Q. 68)
- 25% Negative – My training needs are assessed. (Q. 18)
- 25% Negative – Employees have a feeling of personal empowerment with respect to work processes. (Q. 30)

Challenges identified from this year's survey include employee performance, promotions, and training. OSHRC is a small Federal agency with a workforce of only 65 full-time equivalent positions. Opportunities for pay increases and promotions are limited due to the small size of OSHRC and because a majority of the positions require specialized experience and specific education requirements. In addition, spending on training, promotions and internal advancement opportunities, performance awards and recognition are often limited due to budgetary constraints such as funding through Continuing Resolutions. OSHRC continues to do well even in the face of such challenges.

Overall, the results garnered from the 2015 Federal Employee Viewpoint Survey are favorable considering the comparison with government-wide averages and the numerous strengths reported. OSHRC performed particularly well in terms of Work/Life programs and providing meaningful work related to the agency's mission. Furthermore, the results continue to show that our employees believe that they do important work and understand how their work supports the goals and mission of our agency. Employees responded positively (strongly agree/agree or very satisfied/satisfied) to questions concerning how they rate the quality of work done by their work unit, the importance of their jobs, their willingness to put in the extra effort, and their commitment to excellence and continual improvement. OSHRC values its employees and respects workplace perceptions. Insight garnered from the 2015 FEVS provides an opportunity for the agency to identify potential challenges, which can lead to the implementation of appropriate corrective measures.

2. **How the survey was conducted:** The 2015 Federal Employee Viewpoint Survey was conducted by the Office of Personnel Management (OPM). OPM distributed survey invitations to OSHRC employees by individual electronic mail messages. The survey administration period began on May 4, 2015, and ended on June 12, 2015. The Office of the Executive Director informed employees about the survey invitation and routinely encouraged them to participate. Survey results were collected by OPM and forwarded to OSHRC for review and evaluation. Survey participation was voluntary and all responses are confidential and anonymous. When OPM delivered the survey results, no information was provided to tie responses to individual employees.

For more detailed information about the survey visit: www.fedview.opm.gov

3. **Description of sample:** The Office of Personnel Management used a hybrid-sampling survey methodology. Consequently, all permanent part-time and full-time OSHRC employees on board as of October 2014 were invited to participate.

4. **Survey items and response choices:** All survey items and response choices required by 5 CFR 250.302 are included in the 2015 FEVS and are included in OSHRC's 2015 FEVS Survey Results on pages 5-14 of this document.
5. **Number of employees surveyed, number responded, and representativeness:** The survey was distributed to 47 employees and 32 responded. The 2015 employee response rate is 68%. The survey pool is representative of the agency population and includes full-time and part-time permanent supervisors, non-supervisors, managers, and executives.
